Hybrid work solutions & peripherals

# Evolution of work

Before 2020

Occasional remote work

Office centrality

- Occasional remote work, hybrid on the fringes.
- Office of the future upgrades.
- Facilities-driven set up.

2020-21

Forced remote work

Home centrality

- Remote work, but not optimized.
- Last minute PC upgrades.
- Forced remote work, meeting fatigue.

2022-23

Forced return to office

Worst of both worlds

- **#1 disruptor of productivity is inefficient meetings**
- Figuring out return to office.
- Productivity (in-home) versus collaboration (in-office).
- 3x More teams meeting & calls a week since Feb 2020

2024+

Era of **hybrid flexibility**

Best of both worlds

- Mainstream hybrid adoption.
- Improved productivity in office and collaboration from home.
- Companies get budget relief to re-invest in technology.

# Opportunity: Support every workstyle

79%

of workers expect employers to provide equipment for all their working locations

68%

of employees don't have enough uninterrupted focus time

ENTERPRISE GRADE AUDIO

# Voyager Free 60 UC Series

True wireless earbuds for work and life

## Voice First

Six microphones, stem design and noise canceling for clear business calls

## Adaptive ANC

Keeps you focused no matter where you work

## Transparency Mode

Hear your surroundings without having to remove an earbud

## Comfortable Design

Includes 3 silicone ear tips for a secure fit and optimum audio

## Multi Point

Stay connected to up to 2 devices at the same time

# VOYAGER SURROUND 80 UC

Premium over-ear Bluetooth headset for enterprise

## Voice First

10 microphones for noise reduction and clear business calls

## Boomless Design

First boomless headset to meet Microsoft Teams Open Office certification

## Block Distractions

Adaptive ANC keeps the outside world out

## Designed for Comfort

Long lasting comfort with an over-ear design

## All Day Productivity

Take calls and listen to music all day with 21 hours of talk time

# Microsoft Open Office Certification

Open offices and other noisy environments pose a greater challenge for noise cancelation. Headsets with this designation pick up the voice of the headset user but do not transmit the sound of their neighbors.

The Voyager Surround 80 UC is the **FIRST** boomless headset to receive the Microsoft Open Office certification.

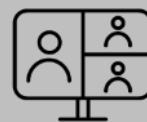

More information on Microsoft Teams Open Office Certification can be found on [Microsoft.com](https://www.microsoft.com)
